(T\*) = T cushion

c = chair cc=club chair c 1/2= chair and 1/2 L = loveseat ss = small sofa s = sofa Lgs = large sofa

Because you can configure this collection, dimensions will vary depending on the leg and top rail you select. Average chair height is 31 1/8" to a maximum of 35 1/8" inches. Note that leg choice will change the chair's pitch, which should not exceed one inch. If you choose a leg shorter than 3 1/2" inches, the rear leg can easily be trimmed to maintain a positive pitch.
